

June 1, 2022

Dear Molino Utilities Customer,

On May 17, 2022, the Board of Directors approved for a rate increase on the base rate and volumetric rate for all customers. The new rate will take effect on July 1, 2022 invoice.

Molino Utilities Board of Directors and Staff recently had Florida Rural Water Association to perform a rate study. This study shows it is a necessity for the rate increase for Molino Utilities to be able to maintain our community water system. The last rate increase Molino Utilities had was in 2013.

The \$2.00 upgrade fee will remain on each account. The upgrade fee is strictly used to upgrade water lines and extensions.

The following chart shows the rate increase.

Meter Size	Current Base Rate	Base Rate Effective July 1, 2022
¾"	\$17.00	\$21.00
1"	\$17.00	\$21.00
1 ½"	\$31.00	\$35.00
2"	45.00	\$49.00
3"	\$58.00	\$62.00
4"	\$141.00	\$145.00
6"	\$224.00	\$228.00

The volumetric rate for gallons used over the 2,000 gallon minimum will also increase from \$3.10 per thousand gallons to \$3.50 per thousand gallons.

As electrical costs, utility supplies, and overall operational costs continue to rise, the Board of Directors is committed to manage those cost while continuing to provide the Community with Quality water service.

If you have any questions regarding the Molino Utilities cost of water services or the rate change, please contact our office at 850 587-5538.

Sincerely,

Molino Utilities, Inc.

Board of Directors
